Kaffveitingar og hádegismatur í boði Aalborg Portland, Sementsverksmiðjunnar og Nýsköpunarmiðstöðvar Íslands

DAGSKRÁ / PROGRAM

09:00 Welcome & Introduction

09:05 In memory of Dirch Bager -
Terje F. Rønning, NCF

09:15 Is frost resistance an issue?
Ólafur H. Wallevik, ICI / RU

09:45 Presentation of the attendants

09:55 F-T testing on European level – Considerations based on CEN/TC 51/WG 12/TG 4
Terje F. Rønning, Heidelberg Cement

10:25 Coffee break

10:55 Lab/Field correlation of F-T and ageing effects
Peter Utgenannt, CBI

11:25 F-T resistance requirements in Sweden
Elisabeth Helsing, CBI

11:35 Development of F-T testing method, considering various binder constituents
Elisabeth Helsing, CBI

11:55 Lunch

12:55 Frost resistance of aggregates - development of EU standard
Pétur Pétursson, PP Consulting

13:25 Evaluation of aggregates
Kristinn L. Guðmundsson, Steypustöðin

13:55 Some issues regarding internal damage
Gísli Guðmundsson, Mannvit

14:25 Coffee break

14:55 Some issues regarding frost resistance
Indriði Níelsson, Verkís

15:15 Summary
Börge Wigum, Norcem
Panel Discussion

16:00 Closing remarks

STEINSTEYPUFÉLAG
ÍSLANDS
